## SUFFRAGE CAUSE IS PRESENTED

Miss Florence Allen, of Cleveland, Makes Strong Argument.

Associated Press Dispatch.  
Columbus, O., January 25.—Advocates of the extension of the right of presidential suffrage to women presented arguments before the Committee on Elections in the House this morning.

"We want presidential suffrage because we want to be able to say whether the man who sits in the White House shall send our husbands, our brothers, and our sons to the trenches to have their feet rot off," said Miss Florence Allen, Cleveland attorney.

Miss Allen presented affidavits from Cleveland women seeking to prove the poll taken by the anti-suffragists, results of which were given to the committee last Tuesday to show that women do not want suffrage were not correct.

The Committee on Elections has taken the suffrage proposal under advisement.

Others speaking for the suffrage cause were Mrs. Harriet Taylor Upton of Warren, president of the Ohio Woman Suffrage Association; Miss Elizabeth Hauser, of Gerard, and Grace Drake, of Cleveland, president of the Ohio Consumers' League. The Legislature reconvened this afternoon at 1:30 o'clock, when it received reports from committees on various bills.

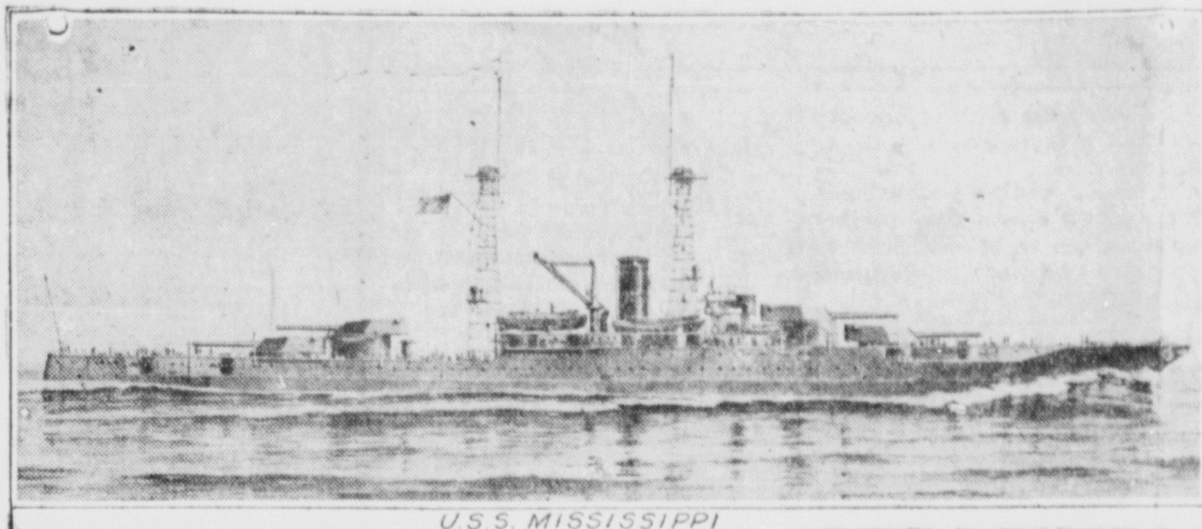

Adjournment will be taken until Monday out of respect to the memory of Dr. A. N. McQuestion, Richland County representative, who died yesterday at his home in Mansfield.

## RUSSIAN OFFENSIVE IN RIGA SECTION PUSHES CZAR'S TROOP BACK MILE AND HALF.

Associated Press Dispatch.  
The heaviest fighting now in progress in any of the war areas is on the Russian front in the Riga sector, where the Germans recently took the offensive and drove the Russians a mile and a half back into the region of the Great Tirl Marsh, which has been barred the way to Riga for the German forces.

Berlin announces today that the attack on the German strong Russian positions on a front of about six miles, with more than 1,700 prisoners and 13 machine guns taken. Russian reserves hurriedly brought up were unable to check the advance. However, there has been little but sniping, patrol and air fighting. The quiet prevails all along the Russian front, where the severity of the winter has checked all operations except sporadic bombardments and sniping.

## NEW BATTLESHIP MISSISSIPPI WILL BE ONE OF THE WORLD'S MIGHTIEST SHIPS

U.S.S. MISSISSIPPI

The United States battleship Mississippi, launched today at Newport News, Va., will be even a larger ship than the Pennsylvania, the new flagship of the Atlantic fleet. She will have for sister ships the Idaho and New Mexico. The old Mississippi and Idaho were sold to Greece a few years ago.

The Mississippi's dimensions are as follows:

Length over all, 624 feet.  
Beam, extreme, 97 feet 2 1/2 inches.  
Draft, 28 feet 6 inches.  
Displacement, 32,000 tons.  
Horsepower, 32,000.  
Speed, 21 knots.  
She will have powerful armament, consisting of the following guns:

Twelve 14-inch breechloading rifles.  
Twenty-two 5-inch breechloading rifles.

Four 3-inch anti-aircraft guns.  
Four submerged torpedo tubes.

The fourteen inch guns are mounted in four turrets, three in each turret.

The weight of metal thrown at a broadside of the twelve 14-inch guns is approximately 17,000 pounds, and the amount of powder used in each broad side is 4,800 pounds.

The ship will be driven by four propellers, one on each of four shafts. Nine boilers of standard type will furnish steam for the six main turbines. These turbines are of the Curtis type, and four of the six weigh approx-

mately 160 tons each. In the building of these turbines approximately half a million packing pieces are separately installed one at a time. These blades, if placed end to end, would cover thirty-eight and a half miles. The only fuel on board ship will be oil. No coal will be burned.

This battleship, if it could be transported to a city street, would cover more than three blocks, filling the thoroughfare completely from side to side to the roof of five story buildings, with the military masts towering 100 feet still farther in the air, or if stood on end alongside the Washington monument with stern on the ground the bow would tower sixty-nine feet above the top of that monument.

## DREADNAUGHT MISSISSIPPI RIDES WAVES

By Associated Press Dispatch.  
Newport News, Va., January 25.—The super-dreadnaught Mississippi was successfully launched today in the presence of Secretary Daniels, other distinguished visitors, and more than 15,000 spectators.

## OHIO CITIES PLAN ROYAL RECEPTION TO GUARD TROOPS

By Associated Press Dispatch.  
Columbus, O., January 25.—Many Ohio towns and cities are making extensive preparations to give a royal reception to Ohio National Guardsmen when they arrive home from service on the Mexican border. In almost every city having a company at the border, the local chamber of commerce is in charge of the reception plans.

The first Ohio troops to return are not expected for about a week and reports from Washington indicate that all of the Buckeye troops will receive orders to return within a short time.

Word from San Antonio says that the militiamen under orders to return to their homes will leave the border in three groups. The Fourth and Fifth Ohio regiments are included in the first group which is expected to start home January 26 or 27. The Ohio brigade headquarters, including the staff of General John C. Speaks, is included in the second group, which will leave a few days later.

It has not yet been announced by the central department of the army at Chicago just where the Ohio troops will be officially mustered out of the federal service. It is expected, however, that the mustering out will be done at company headquarters.

Announcement has been made in Washington that guardsmen returning from the border to find their jobs filled will receive assistance of the federal bureau of immigration in obtaining other employment. It is known, however, that many Ohio employers are holding positions open for their men in the guard. Many of the men have been receiving full or part pay during their border service.

## GREECE REGRETS

Associated Press Cable.  
London, January 25.—In compliance with one of the demands of the Entente Powers recently agreed to by Greece, the Greek Government today handed to the Entente Ministers a note formally expressing regret for the events of early last December, when Entente forces at Athens were fired on by Greeks.

## ISLAND OF BALI SHAKEN BY QUAKE FIFTY ARE KILLED

Associated Press Cable.  
London, January 25.—Fifty natives were killed and 200 injured in an earthquake on the island of Bali, in the Malay Archipelago, according to a dispatch from Amsterdam to the Central News.

More than a thousand houses and factories and the native temples were destroyed. The Governor's Palace was seriously damaged.

## COX APPROVES ENGLISH LABOR COLISEUM BILL FOR THE SHOW

By Associated Press Dispatch.  
Columbus, O., January 25.—Governor Cox today gave his approval to a proposed bill to be introduced in the Senate by Senator Lloyd, of Franklin county, to erect a coliseum at the state fairgrounds in Columbus for the 1917 national dairy show, following a conference this morning with J. A. Walker, Chicago, president, and W. E. Skinner, Chicago, manager of the National Dairy Association, here to arrange for the exhibition to be held next October.

An effort will be made to pass the bill before the General Assembly as an emergency measure and to erect the coliseum with prison labor.

## TEN MILLIONS IS APPORTIONED FOR RURAL ROADS

By Associated Press Dispatch.  
Washington, January 25.—Apportionment of ten million dollars to aid the states in construction of rural post roads, the second annual distribution in accordance with the Federal aid road law, was announced today by Secretary Houston of the Department of Agriculture.

The sums are the apportionment for the fiscal year ending June 30, 1918.

To meet the cost of administering the law, \$300,000 has been deducted. Of the remaining \$9,700,000, the state of Ohio is to get \$373,810.

By Associated Press Dispatch.  
Washington, January 25.—Representations by the United States for a fair trial for two Mexican priests sentenced to death at Zacatecas on charges of aiding Villa have been successful.

The American Embassy in Mexico City has been informed that, as a result, they will not be tried under a law that gives them no opportunity for defense.

## ENGLISH LABOR FAVORS OFFERING PEACE PROPOSAL

Associated Press Cable.  
Manchester, Eng., January 25.—The Labor Conference this afternoon rejected by a vote of more than three to one a resolution favoring the immediate offer of peace proposals.

The conference also defeated a motion proposing an international congress of Socialists, to be held simultaneously with the peace conference. Some of the officials said it would be impossible for Socialists from the Entente nations to meet Germans in this way.

An amendment proposing a Socialist and Trade Unionist organization, to be confined to the Allied Powers was adopted.

## POLITICAL CRISIS ON IN JAPAN

Associated Press Cable.  
Tokio, Japan, January 25.—The Emperor has dissolved the House of Representatives.

A political crisis developed at the opening of the Diet on Tuesday. The chief reason was the appointment of Field Marshal Count Terauchi as Premier by the Emperor last October. This appointment was a surprise, both in and out of Japan, and was criticized unfavorably by Japanese political leaders, who contended the Premier did not command public support.

Japanese newspapers said the Premier did not command a majority in Parliament and predicted that the outcome would be dissolution of the House and a new election.

An attempt was made to assassinate Yukio Ozaki, former Minister of Justice and leader of the Constitutional Party while he was addressing a mass meeting called to demand resignation of the Cabinet.

## JUDGE DITTEY DEAD

By Associated Press Dispatch.  
Columbus, O., January 25.—Judge Robert M. Dittey, aged 63, chairman of Ohio's first tax commission, died at his home in this city at 5:15 this morning, following an illness of three months.

Judge Dittey had been a resident of Columbus for the past thirty years and active in Democratic politics during all of that time.

## LAURIE J. BLAKELY EDITORIAL WRITER CALLED BY DEATH

By Associated Press Dispatch.  
Cincinnati, O., January 25.—Laurie J. Blakely, 67, editorial writer on the Commercial Tribune and one of the most widely known newspapermen in the Central West, died today at his home in Covington, Ky.

Mr. Blakely was stricken while at his desk last Saturday. For many years Mr. Blakely served as an editorial writer on the Louisville Courier Journal, the Louisville Times, and the Louisville Evening Post.

He was an intimate friend of Henry Watterson and such well known journalists as Proctor Knott, Richard Knott and Polk Johnson.

## UNIDENTIFIED SUBMARINE VESSEL HEAVILY LADEN LYING OFF NEWPORT

Newport, R. I., January 25.—(Associated Press Dispatch)—An unidentified submarine, heavily laden, is lying off shore between Point Judith and Beaver Tail, where she arrived a little after 2 o'clock this afternoon.

The submarine lay some distance off shore, and because of the mist it was difficult to make out her lines.

Marine observers expressed the opinion that the craft was the German merchant submarine Deutschland, which has been expected at New London.

The stranger was larger than the German fighting submarine U-53 and showed two periscopes and a conning tower. Her flag could not be made out.

## SUBMARINE LATER SUBMERGES

Newport, R. I., January 25.—(By Associated Press Dispatch)—Later, Captain Wales of the Beaver Tail coast guard station reported that the submarine submerged at 3 o'clock.

## MR. AND MRS. ASTOR DEVOTE THEIR HOME TO ECONOMIC TALKS

MR. AND MRS. VINCENT ASTOR

To manifest and give practical effect to their interest in the economic problems that are agitating America Mr. and Mrs. Vincent Astor, shown in the pictures, are giving a series of dinners to leaders of American thought at the Astor home, 840 Fifth avenue, New York. With Mr. and Mrs. Vincent Astor and the immigration committee of the Chamber of Commerce of the United States as hosts, the second of the series of dinners was given in furtherance and discussion of "Industrial Americanization," the officially adopted title for the propaganda of the humanizing of industry.

At the first of these banquets of serious purpose, so novel in the home whose former history had only to do with the conventional forms of social entertainment, the company had been general including educators, publicists and men of trade and manufacture. The guests at the second dinner, with few exceptions were limited to engineers—mechanical, electrical, civil and chemical—deans and presidents of colleges of engineering and the editors of engineering journals.

## POLAND IS CHOSEN

By Associated Press Dispatch.  
Columbus, O., January 25.—The Ohio Waterworks Association, concluding its convention here today, re-elected John A. Poland, Chillicothe, president; R. M. Messer, Kent, vice president, and S. C. Jeannot, Wilmington, secretary and treasurer.

## A HUNDRED INDICTMENTS ARE EXPECTED

Federal Grand Jury at Cincinnati Likely to Return a Number of True Bills.

By Associated Press Dispatch.  
Cincinnati, January 25.—About one hundred indictments will be found by the Federal Grand Jury, which has been investigating the alleged election frauds here, according to a statement made by District Attorney Bolin today. The Grand Jury report, however, will not be made before noon.

Mr. Bolin did not indicate whether or not any politicians of prominence would be named in true bills, nor did he say what the indictments would specifically charge.

The Republican County Executive Committee has ready a blanket bond which will be offered for any Republicans indicted; and if, in the opinion of the committee, the defendants are innocent, counsel will be provided for them if desired.

## NINETY-NINE HELD

By Associated Press Dispatch.  
Cincinnati, O., January 25.—Ninety nine sealed indictments were returned by the Federal Grand Jury investigating the election frauds here shortly after noon today.

The indictments were handed to the United States Marshal and the men named in them will be brought into court under capias as soon as apprehended.

The marshal was instructed to maintain absolute secrecy relative to the names of the indicted men until they were brought into court.

Persistent rumors that several men of more or less political prominence in state politics had been indicted could not be verified, and the District Attorney announced that it was hardly probable that any names would be given out until the men were apprehended by the marshal.

## STATE INSURANCE LIABILITY LIMITED

By Associated Press Dispatch.  
Columbus, O., January 25.—The State Industrial Commission will no longer be permitted to grant compensation to workmen on their way to or from work, but will be limited only to injuries arising directly out of the course of their employment, according to a ruling made in the formal opinion of the Ohio Supreme Court interpreting Section 27 of the Workmen's Compensation law.

Members of the Industrial Commission and representatives of labor organizations are studying the ruling of the Supreme Court.

They are inclined to believe it will greatly restrict the granting of compensation of injured workmen.

## DETROIT CHOSEN AS MUSTER OUT POINT FOR FOURTH

By Associated Press Dispatch.  
Columbus, O., January 25.—Adjutant General Wood, just back from a conference at the War Department announced today that he had been officially advised by the War Department that the Fourth and Fifth Regiments of the Ohio National Guard have been ordered out at Fort Wayne, near Detroit, and that the Ohio Squadron of Cavalry has been ordered to proceed to Fort Benjamin Harrison, near Indianapolis, to be mustered out.

# PARADISE LOST TO THE PARTY OF WEST VIRGINIANS

Woman Who Declares This County Paradise to Her "Ain Fair Countrae" Is Sent Back With Eleven Others of Stranded Party.

Regardless of the fact that she declared this county was paradise to what she left in West Virginia, Mrs. Boob Adkins and all of the other Adkins in the party of stranded West Virginians, also Rev. H. J. Hill and wife, were shipped back to West Virginia, at the expense of the county, Wednesday evening.

Rev. Hill and the two Adkins families struck the county some two weeks ago, and since that time had been living on what charitably inclined citizens and the township trustees had given them, making no effort to relieve their own sufferings by honest toil, and allowing six children to starve and suffer for want of food, clothing and shelter.

After the Humane Society had taken the matter up and Probate Judge Allen got busy, the dozen shiftless, self-invited and unwelcome guests of the county were taken in tow, and their expenses paid to Gallipolis, costing the county \$16.50, which is regarded as a very easy way of disposing of people who would not work.

The bunch was placed aboard the evening R. & O. train for Columbus, Wednesday evening, and their tickets to Columbus and from thence to Gallipolis given them.

Arrangements were made for food enroute so that they might land in their own state and either obtain aid from their native county or from relatives.

Rev. Hill, who claims to have staked the bunch for their venture into Ohio, received little sympathy after he had made the first rounds soliciting aid, and the true condition of affairs became known.

# PIG CHAMPIONS ARE GIVEN PRIZES

Fayette county is the only county in the state of Ohio having two pig raising champions within its borders, and these two young champions are going to have a free trip to attend Farmers' week at the Ohio State University, next week, and have received pure-bred pigs as prizes for growing champion porkers.

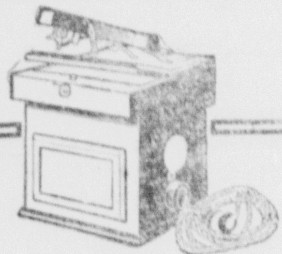

The two winners in this county, who took part in a state-wide pig raising contest last summer, are Gerald Stevens, of Bloomingburg, and Jesse Hagler, Washington C. H.

The winners, given in order, are Margaret Lowery, Mt. Sterling, state Pig Club champion; Gerald Stevens, Bloomingburg; Jesse Hagler, Washington C. H.; John Dunkle, London; Chester Hansel, Celina, and Forrest Zeigler, Tiffin.

Margaret Lowery, aged 12, raised two pure-bred boar pigs at a cost of 42 cents a pound. The average daily gain was 2.01 pounds at 2.71 cents.

Jesse Hagler's pig made a gain of 1.54 pounds at 2.71 cents.

# BIRTHS AND DEATHS DURING PAST YEAR

According to the records of the Registrar of Vital Statistics, the number of births in Washington during 1916 was 139 and the number of deaths 141 or five more deaths than births.

However the Registrar is expecting reports of quite a number of births to come in for the month of December, and believes the total number will be about 150 for the year.

It is also noted that the Registrar obtains the exact number of deaths in the city, but owing to the laxity of the law requiring the reporting of births, many births, in all probability are not reported to the Registrar, so that the number of births in reality should pass the 150 mark by quite a few.

# SEEKING HEIRS IN THIS COUNTY

Sheriff Jones is in receipt of a letter and legal notice from F. G. Roberts, probate judge of Lawrence County, seeking the whereabouts of Rosa Hanner, Orpha Betts, Rilla Betts, Mamie Betts, Stephen Betts and Golda Betts, who are heirs of the late J. L. Ferrell, deceased.

So far the whereabouts of the heirs has not been ascertained, and anyone knowing the parties should notify Sheriff Jones accordingly.

The heirs are notified to be present in Probate court for the reading of the will on February 1st, at the probate judge's office in Ironton.

# I. O. O. F.

Fayette Encampment No. 124 meets Friday evening January 26 at seven o'clock, Work in the Golden Rule degree. Installation of officers. Be sure and come.

# KNIGHTS OF PYTHIAS.

Members of the degree staff of Confidence Lodge will please meet tonight at 7:30. Important.

W. N. EYRE, Chairman.

# GREENFIELD BOYS REAL MILITARISTS

The military bee has stung two prominent high school students of Greenfield, during the past few days, with the result that they departed for Indianapolis where they offered their services to Uncle Sam—and one of the lads was accepted.

The two youngsters are Ralph Glaze 15, son of Contractor Samuel Glaze, and the other is Floyd Chapman, 17, son of Dr. J. H. Chapman, of Sinking Springs.

Both boys left last Saturday and were absent until Wednesday before their whereabouts was ascertained.

Wednesday Glaze returned home, his sight having been defective and he was rejected, but Chapman was accepted.

When the escapade of the pair was ascertained and Dr. Chapman learned that his son had enlisted, he started the machinery moving to have his son discharged because he is under 18 years of age.

# CLAIMS HUSBAND THREATENED LIFE

Represented by Post & Reid, Inc. Downer has filed suit in probate court asking divorce and alimony from James W. Downer, charging that the defendant has been guilty of extreme cruelty, threatening to shoot her, and also has been guilty of gross neglect of duty.

The couple were married Feb. 25, 1914 and have one child, two years old. Because of neglect and cruel treatment the plaintiff states that she left defendant Nov. 15, 1916.

Plaintiff further charges that in order to anger her, defendant whipped their babe until it was black and blue.

# TYPHOID VICTIM

Bessie Scott, five year old daughter of Mr. and Mrs. David Scott, died Wednesday night at the home of her

# BROMLEY TABERNACLE ANNOUNCEMENTS

7:30 p. m. Regular preaching services.

parents four miles north of Bloomingburg after a short illness with typhoid fever.

The funeral will be held Saturday afternoon at 2 o'clock from the First Baptist Church in Bloomingburg. Interment will be made in Bloomingburg cemetery.

# COLORED G. A. R. MAN DEAD AT 93

James Scott, colored who fought in the Civil War, passed away at his home on Yeoman street, Wednesday evening at 7:45 o'clock, at the advanced age of 93 years.

Funeral services will be held Saturday afternoon at two o'clock in the A. M. E. church, and interment will be made in the Washington cemetery.

# REWARD IS OFFERED FOR INFORMATION

The Fayette County Anti-Horse Thief Association, an organization which has been remarkably successful in running down the evil doers and bringing them to justice, has offered \$10 reward for the arrest and conviction of a thief who recently stole a bridle, set of harness and set of tugs from the barn of Emmer Edwards, on East Market street.

The Association not only protects its members against horse thieves, but against thieves of any kind.

# "SIN, SOCIETY AND THE DEVIL" TONIGHT

"Sin, Society and the Devil," is the theme upon which Evangelist Bromley will speak tonight, and it is understood that the sermon is one of the strongest of the series.

The sermon is expected to draw another audience, that will fill the tabernacle.

# NOTICE OF APPOINTMENT.

Estate of W. R. Staubus, deceased. Notice is hereby given that Regina U. Staubus has been duly appointed and qualified as Administratrix of the estate of W. R. Staubus, late of Fayette county, Ohio, deceased.

Dated this 22 day of January, 1917.

FRANK M. ALLEN,

Judge of the Probate Court, No. 1975. Fayette County, Ohio.

# A CORRECTION

In our advertisement of last night a mistake was made in stating that Duffee's Cough Syrup was a cure for a cough and—even—a cold. Duffee's Cough Syrup is a cure for coughs and all kind of colds whether in the head, lungs or other parts of the body, as it works on the system.

It is pleasant to take, brings quick relief and is only 25c for a large six ounce bottle. Why suffer and also be an annoyance to others when you can be so quickly cured. Ask your grocer for Duffee's Cough Syrup.

# COLONIAL TODAY Wm. A. Brady Presents THE SUMMER GIRL

Have you ever grown despondent—discouraged with life and hungry for inspiration? Have you ever packed your canvas, or your rod and line, or your gun, and with determination to forget all about you, hit the trail that led to a spot of pleasant surprises, where you discover yourself again? Here is your opportunity. Join

Strange, Isn't It?

Neither Mr. Bryan nor Mr. Roosevelt are, according to published statements accredited to them, in accord with President Wilson's tremendous world peace plans.

The Nebraskan is opposed because the adoption of the plan would place our army and navy at the disposal of European nations, certain by reason of their greater number, to dominate any tribunal of nations to preserve a world peace.

The New Yorker opposes because he is yet unconvinced that any proposal for a world peace is at all practical of consummation or of enforcement after assent of the great nations is given.

It is clear that Mr. Bryan believes in maintaining our national isolation and holding aloof from the politics of all foreign nations. It is equally clear too that Mr. Roosevelt believes that peace can only be enforced by armies and navies.

It is interesting to note that on this great proposal which would alter the mode of living of mankind and make of Christian teachings a practical force to humanity the three great leaders in and framers of public thought and deed, and each striving for the same end—peace—are as far apart as the poles on the plan to bring about that which we all desire.

Cincinnatians Want Change

Realizing the vital need for reform in public affairs of the city, some of the more progressive residents of Cincinnati have launched a movement to bring about the establishment of a charter form of government.

The progressive Queen City folks have seen Cleveland, Columbus, Dayton, Springfield and a host of other Ohio cities go forward by leaps and bounds under the charter form of government, while their own city has stood still under the old code plan in the control of the bosses and the liquor interests.

A proper charter form of government in control of the friends of progress would work wonders in rejuvenating the city of Cincinnati but a charter form of government for Cincinnati dominated and controlled by the political load stones who have held the city back for years while other cities forged ahead, would be worse than the present form.

Cincinnati needs a change in form but with it must come a change in substance, too, if any permanent good is to be accomplished.

It will be interesting to watch the progress of the campaign for a change in Cincinnati if the movement just launched is ever permitted to reach the dignity of a campaign.

It is not likely at this time that any important change will occur. The process of lifting Cincinnati from the rut into which it has fallen will be a tedious and long drawn out process.

If the powers now in control can assure themselves of control under the new form they will likely assist in changing the form of government but unless that assurance comes it is not likely that any change will be made. Indeed, it would not be surprising to see even the attempt frowned down before it is well started.

It Costs Something

In announcing the decision upholding the validity of the "blue sky" legislation of several states, Justice McKenna of the supreme court of the United States gave utterance to this plain and not generally appreciated truth. "It costs something to be governed."

The statement was called forth on account of the claim that the laws, under attack, were unconstitutional because they imposed a burden on legitimate business and entailed an expense on legitimate business. That the court held was no substantial objection because the laws were designed to protect legitimate dealers and investors as a part of our government and the blessings of government cost something.

That principle applies to the legislation which the court approved and it applies all along down the line.

We can't have good public service unless we pay for it. Nothing is more expensive, more extravagant or more wasteful than a cheap public service.

Few men indeed dispute the soundness of the truth in private business but they seem to look upon public business as different.

"It costs something to be governed." That's true in nation, state, county township and city and just as soon as the majority of people realize that truth just that soon will they be making progress toward economy in public affairs.

Poetry For Today

**GRATITUDE.**  
There came to my tired heart  
A kind word and smile.  
They made the day brighter,  
And cheered me the while.  
They left their sweet imprint,  
And reached to that deep  
Where the soul seems to slumber,  
The spirit to sleep.  
They stirred into being  
Affection and love,  
For which I gave thanks to  
My Maker above.  
They stopped the old yearning—  
Rejoiced and made glad  
The heart that was weary,  
Too oftentimes sad.  
They lightened the labor—  
Made sweeter the song;  
They shortened the day, dear,  
That ever seemed long.  
They brought to me sympathy  
Dearer than gold,  
And left for me love, dear,  
That never grows old.  
—St. Louis Post-Dispatch.

## FAYETTE BUYERS GET PART OF BLUE-BLOODS

Fully 200 buyers, chiefly from other states than Ohio, flocked about the ring-side at the sales pavilion, Thursday, where the bloco sale of Spotted Poland China swine was held, and most of the animals were purchased by buyers from other states, although some of the animals are remaining in Fayette county to help better the breed here.

The swine averaged about \$75 per head, and the highest priced animal sold brought \$122.50.

Most of the buyers were from Indiana, Arkansas, Iowa, Illinois and other states of the middle west.

Bidding was spirited from the start, and the auctioneers had no difficulty at any time in obtaining bids on each animal offered.

Field bids were far too low. The sale was over by two o'clock.

## NINETY-EIGHT TODAY CELEBRATES EVENT

Mrs. Elizabeth Sharp Lieb, of Greenfield, is celebrating her 98th birthday anniversary today.

Mrs. Lieb is a remarkably well preserved woman, reads without glasses, is in good health, and her friends confidently believe that she will pass the 100 mark.

## AMUSEMENTS WILL FORM SERMON TOPIC

Friday night's sermon on "Popular Amusements" is expected to pack the tabernacle with an audience eager to hear Dr. Bromley's opinion on card playing, dancing, theatergoing and similar amusements.

Evangelist Bromley does not mince words in dealing with the subject and will speak with his usual freedom in discussing the theme.

## \$10 REWARD \$10

The Fayette County Anti-Horse Thief Association will pay the above reward to any one giving any information leading to the capture of the thief and recovery of the following property stolen from the barn of Emma Edwards, on East Market street: 1 buggy; 1 set buggy harness; tags complete. Notify

J. M. HARTMAN, Sec'y.  
E. E. HAINES, Pres.

## ATTENTION COMRADES

Regular meeting of John M. Bell Post No. 119, Department of Ohio, A. R. Saturday, January 27th, 1917, at 2 o'clock p. m.

All members are urged and expected to be present at this meeting.

By order of

JOHN KNEDLER, P. C.  
JAMES M. NEWLAND, Adjt.

## PERMISSION IS REFUSED HADFIELDS TO MAKE NAVY SHELLS FOR UNCLE SAM

London, January 24.—The British Government has refused permission to Hadfields, Limited, to proceed with work on the contract for shells for the American navy "so long as the exigencies of war continue."

The announcement is made in the form of an official notice by Dr. Christopher Addison, the Minister of Munitions, in which attention is called to the fact that the entire steel output is under his control.

Washington, January 23.—Contracts were awarded Hadfields, Limited, for \$2,141,000 worth of 14-inch and 16-inch armor-piercing shells at about \$200 apiece less than the lowest American bid. As these shells are for reserve ammunition it is possible that no further efforts to let contracts for them will be made pending construction of the Government projectile factory already authorized.

Secretary Daniels had not received tonight official notice that the British Government had declined to permit Hadfields to fill its contracts.

"I will wait until I get official announcement," he said, when asked what alternative presented itself. The secretary pointed out that the department now has available \$1,500,000 for a Government projectile factory. Plans are being completed and it already has been determined to locate the factory with the armor plant, for which a site is still to be selected. It will take about a year to complete it.

Secretary Daniels said that the bids of Hadfields had been received on the distinct understanding that there would be no question of the right to deliver regardless of the war situation in Europe.

## PERSONALS

Secretary Walter Patton was a business visitor in Springfield Tuesday.

Mr. Frank Johnson was a business visitor in Columbus Wednesday.

Mrs. J. Starr Smith was over from Sabina spending Thursday.

Mrs. D. H. VanWinkle and Mrs. James Ford spent Wednesday in Columbus attending the theater.

## "OLD TIME DARKEY DOWN IN DIXIE"

"The Old Time Darkey Down in Dixie," theme of the lecture delivered by Dr. Henry W. Bromley before the noonday luncheon of business men at the Y. M. C. A., Thursday, was a genuine treat to the fifty men who heard him. Everything else was set aside that all might enjoy to the limit the lecture.

Roar after roar of laughter greeted the delivery of the lecture, Dr. Bromley weaving a vein of rich humor into his address, and at the same time giving an insight into the life of the southern negro showing close study of the character involved in his lecture.

Taking up various phases of the life of the southern negro he was able to enlighten his auditors and give them a close up view of "the old time darkey down in Dixie."

## WEAVER-GRAY.

Married—By Rev. DeMiller, at the Christian Church parsonage in Wilmington, Saturday evening, January 20th, 1917, Miss Jennie Weaver, of

Sabina, and Mr. Henry Gray, of Chillicothe. Miss Weaver is a daughter of Mr. and Mrs. Wm. S. Weaver and has a host of acquaintances who admire her for her pleasing manner and sterling character. Mr. Gray is not a stranger about Sabina, having some time since worked for Mr. Q. C. Martin, he now being employed by the Dahl-Campbell Grocery Co. of Washington C. H. After the ceremony the happy couple came to the home of the bride where they remained till Monday when they began housekeeping in a home already furnished in Washington C. H.—Sabina Tribune.

**RANKIN & RANKIN.**

# "WARD NIGHT" PACKS BIG TABERNACLE TO THE LIMIT

Wednesday Night Witnesses Another Great Meeting With Stirring Sermon By Evangelist — Many Hit Trail — Activity of the Personal Workers on the Increase.

"Ward Night" packed the tabernacle as it has never been filled. Wednesday night, each ward trying to outdo the other in the number in attendance, and the honors being almost equally divided among the first and second, with probably the largest number from the first.

The various ward groups marched in bodies to the tabernacle where seats had been reserved for them. A large number of persons outside of the city were given a part to themselves.

Each delegation carried one or more banners, had their songs and some of them their yells. The Second Ward enumerated what was to be found in their part of the city, and when they finished the other wards had nothing to say.

Horns, whistles, and other noise-making instruments were used by some of the more enthusiastic parties.

Included among the numerous banners was a huge one displayed by the First Ward delegation, swung from the top of the tabernacle, and with appropriate messages on both sides.

Every seat was filled and many persons stood in the open space near the rear doors, while others, finding the tabernacle filled, turned back.

Prof. Myers rendered one of his beautiful vocal solos: "Speak Just a Word." His singing is always the signal for a great outburst of applause. He got it Wednesday night.

Miss Gladys Ditzell spoke briefly to the audience, stating that there was lack of activity among the church members, and urging upon them the necessity of doing personal work. She urged the personal workers to do more than they had been doing. Rev. Gage offered prayer.

Dr. Bromley then delivered his sermon, taking for his text the 25th verse of the 7th chapter of Hebrews. Much of his sermon was devoted to showing the weaknesses of science, and enumerating the things science could not explain, including things of the Bible.

Interesting declarations made during the course of his sermon included the following:

"The church today is not worshipping the dead Christ, but the living Christ."

"His birth was different and his death was different from that of any other man."

"The thing that the people want today and for which they are hungering is the old fashioned Gospel, and if the preachers will preach the old fashioned Gospel they can fill every church, whether it be the biggest church or the smallest."

"It makes me sick to have some would be skeptic say 'where did Cain get his wife?' Well, Cain got his wife all right, and that's something that you old bachelors have never done. And, say! some of you fellows out there had better leave other men's wives alone—that's the trouble with some of you chaps now."

"Some of our denominational schools need cleaning up, and if I get a chance I'll do it, too."

"Skepticism is cowardice, and if you follow the teachings of Bob Ingersoll you will go to the same hell that he did."

"You are not making much liquor in this town, but you are selling some all right, and if I were you I wouldn't stand for it a minute. You don't have to if you don't want to."

"The thing that is the matter with a lot of you is that you need a dose of real religion."

"And there's a bunch of church people in this town that no one knows they have religion. It would take a microscope to find the religion of some of you people."

"Don't you know what is wrong with some of you? Well, it's just this, there is no reflection in your face of what the preacher is preaching about."

"Remember Jesus said that 'him that comes unto me I will in no wise cast out,' so now is the time for you to accept him; come on now; hit the trail and get right with God!"

Many responded to the call for trail hitters, the number including several boys and girls. The personal workers were active during the few minutes the trail was kept open.

**TABERNACLE ETIQUETTE.**

Tabernacle etiquette makes it mandatory for those attending to obey the orders of the ushers.

Mothers must obey the rule of removing a crying babe immediately if it begins to cry.

Do not talk aloud at any time during the services unless taking part in the services.

When the invitation is extended for trail hitters, do not talk to your neighbor. This is a time of prayer. Let the personal workers do the talking.

Do not leave the tabernacle as soon as the invitation is extended, and do not block the aisles. The aisles are the saw-dust trails—keep them open.

Don't kick if you come late and must take a back seat.

Buy Better at Washington Stores.

## KING OF DEMARK

Christian X. Backs United States in Peace Proposal.

## NOTED ENGLISHWOMAN IS A BUSINESS MARVEL

(Associated Press Cable) London, January 25.—Lady Mackworth, daughter of Baron Rhondda, who has been called the most successful English business woman, has just taken over the management of a large German drug business in England which her father purchased at auction a few months ago.

Baron Rhondda, now in the Lloyd George cabinet as president of the Local Government Board, is known as "the British coal king." He has much faith in woman's ability. His wife, the Baroness Rhondda, is manager of a mineral water company at Fulham. His reliance upon his daughter's business skill was illustrated in 1915, when, during his absence in America in connection with the organization of the supply of munitions, he entrusted her with the oversight of his entire business in Great Britain.

"I am a firm believer in woman's capacity for business," said Lady Mackworth, in talking over her new venture, "and I look forward to the time when 'Smith and Daughter' will excite no more comment over the entrance of a business house than does 'Smith and Son,' today."

Vincent Heads Foundation. New York, Jan. 25.—Dr. George E. Vincent, head of the University of Minnesota, was elected president of the Rockefeller foundation at the annual meeting here. John D. Rockefeller, Jr., the former president, was elected to fill the newly created position of chairman of the board of trustees.

**LARRIMER LAUNDRY.**

## RUSSIANS FORCE THE BULGAR ARMY BACK IN DANUBE SECTOR

## Germans Make Substantial Gains in Riga Region.

London, Jan. 25.—The Germans scored a victory over the Russians in the region of Riga, where by violent fighting they drove back the Russians for a distance of a mile and a half between the Tirla swamp and the Aa, west of the village of Kalzen. Russians to the number of 1,500 were made prisoners during the fighting.

A night surprise attack gave the Russians a victory over the Bulgarians. The scene of the fighting was the southern arm of the Danube estuary near Tutcha, where the Bulgarians had made an advance Tuesday with Bessarabia their objective. Petrograd says the Bulgarian force, a battalion strong, was destroyed, except five officers and 332 men, who were made prisoners.

Bombardments and operations by raiding parties continue to feature the fighting on the other fronts, although in the Austro-Italian theater the Austrians in the vicinity of Gorizia, in an attack, have captured an Italian trench, made prisoners of 137 men and captured three machine guns.

## AFTER MANY YEARS SPENT IN SOLITARY CONFINES OF PRISON

(By American Press) Boston, Jan. 25.—Jesse Pomeroy, who has been for forty-one years in solitary confinement in the state prison at Charlestown, has been granted equal privileges with other prisoners by the state executive council. Convicted of the murder of two children at fifteen, Pomeroy, two years later, was locked up in a cell, lighted from a window in the ceiling, so that he might not gaze on his fellow men. He was exercised apart from other prisoners and barred as far as possible from human companionship. Two years ago the sentence was enforced less rigorously, to accord with modern ideas of prison reform. Now, at the age of fifty-seven years, Pomeroy will move into a cell where he can see passersby, will be allowed to exercise with other prisoners, sit with them at the church services and at the prison entertainments, and will be given light work.

“Come on Over, See My Corn Fall Off!”

“I Put 2 Drops of ‘Gets-It’ on Last Night—Now Watch—”

“See—all you have to do is to use your two fingers and lift the corn right off. That’s the way ‘Gets-It’ always works. You just put on about 2 drops. Then the corn not only shrivels, but loosens from the toe, without affecting the surrounding flesh in the least. Why, it’s almost a pleasure to have corns go.

“That Was a Quick Funeral That Corn Had With ‘Gets-It’.”

See how ‘Gets-It’ gets them off in a hurry and without the least pain. I can wear tight shoes, dance and walk as though I never had corns.” “Gets-It” makes the use of toe-irritating salves, bandaging bandages, tape, plasters and other things not only foolish, but unnecessary. Use this wonderful discovery. “Gets-It” for any soft or hard corn or callus. It is the new, simple, easy, quick way, and it never fails. You’ll never have to cut a corn again with knives or scissors, and run chances of blood poisoning. Try ‘Gets-It’ tonight. “Gets-It” is sold everywhere. Use a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Washington C. H., and recommended as the worlds best corn remedy by Brown’s Drug Store and Blackmer & Tanquary’s Drug Store.

ACTIVITIES AT THE CAPITAL OF THE STATE

By Associated Press Dispatch. Columbus, O., January 25.—Ohio governors no longer will have to go house hunting or take quarters in local hotels when they come to Columbus if a bill to be introduced in the legislature by Representative James A. Reynolds of Cleveland is enacted into law. It provides for a governor’s mansion in Columbus, such as are maintained at other state capitals by state governments.

Ohio’s legislature has been violating the state law, it has developed. The lawmakers have been using common drinking cups although the law states specifically that in public places individual cups shall be used. Representative Herr of Allen county corrected things, however, when he offered a resolution providing that the individual cups be used. The House adopted the resolution almost immediately.

Portsmouth, Ohio, has entered into the fight for the new federal armor plate factory, which explains the amendment of the joint resolution of Representative Russell of Ironton in the Senate this week asking Congress to use its influence to have the proposed plant located at Ironton. Senator Tremper of Portsmouth had the resolution amended in the Senate so it now only urges congress to locate the plant in Ohio.

Two important sex measures, looking to a betterment of the race, are before the legislature. Representative Cowan of Putnam county is the author of a bill providing for sterilization of feeble minded people in criminal institutions. A bill providing for eugenic marriages and requiring the male applicant for a marriage license to undergo a physical examination and prohibiting remarriage of divorced persons within six months after the decree of divorce is granted, was introduced by Senator Horn of Wayne county.

Representative O. B. Chapman of Montgomery county has introduced a bill providing for compulsory health insurance in Ohio.

The movement to place quail on the protected list is being prosecuted with vigor before the legislature. The House and Senate committees on fish culture and game will hold a public hearing tonight (Thursday) in the hall of the House of Representatives at which arguments from both sides will be heard.

There are fewer persons out of work now than ever before, according to an annual report which has just been made by William F. Hauck, superintendent of the state free employment bureau in Columbus. In 1915 his office received 48,366 applications for work. In 1916 the number dropped to 37,424.

The office in 1916 broke all previous records in the number of situations found for unemployed persons. During the year employment was found

for 29,419 persons, an increase of 6,995 over 1915. Among those given work were 188 men sent over the state to work on farms, principally during the harvesting season.

As soon as officials of the National Dairy Show approve tentative plans for erection of a coliseum at the state fair grounds in Columbus, Senator Lloyd of Franklin county will introduce a bill in the legislature to appropriate money with which to build the coliseum.

The national dairy show is to come to Ohio this year if necessary facilities are provided for the housing of the exhibits. Several other cities are after the show and if Ohio does not make good on its promise to build an appropriate coliseum, the show may go elsewhere. The plans for the coliseum provide for a capacity of 10,000 people. It is not yet definitely decided what the cost will be. The use of prison labor in erecting the building will be considered.

Dr. A. E. Shepard, recently appointed for a second time to membership on the state board of administration, which has charge of all state institutions, lost no time in getting on the job after being reappointed by Governor Cox. Although his appointment does not take effect until Feb. 1 Shepard was on the job this week, assisting the other members of the board in preparing the annual budget to be presented to the legislature. Because of his long previous experience, Dr. Shepard was asked by Governor Cox to assist the other members with the budget.

ATROCITIES ALLEGED

(By American Press) Berlin, Jan. 25.—That German prisoners have been attacked by the French after surrendering and that cruelties were inflicted upon wounded Germans, is the charge contained in the following article given out by a news agency: “According to sworn statements of German soldiers, returned from a French prison ship, a Franceman threw hand grenades among German prisoners on a transport. One German had a leg torn away and another received a wound in the head. A German lance corporal threw up his hands in a plea for mercy, but was stabbed to death. A German soldier who was wounded at Verdun and made a captive and two words ‘death to Roches’ cut into his left shoulder while unconscious on the operating table.”

BERLIN COMMENTS ON WILSON’S PLANS FOR LASTING PEACE

(By American Press) Berlin (Via Sayville Wireless), Jan. 25.—A few minutes after the foreign office had received the text of President Wilson’s address to the American senate, Dr. Zimmerman, secretary for foreign affairs, said:

“In the message which President Wilson addressed to the senate, the Imperial German government recognizes with extreme satisfaction that the aspirations and thoughts of the American president continue to occupy themselves with the question of the restoration of permanent peace. The exalted moral earnestness contained in the words of the president insures the man attentive ear throughout the world.

“The Imperial government earnestly hopes the untiring efforts of the president to secure peace on earth may be crowned with success. It was the maintenance of that happy condition of peace that his Imperial majesty, the emperor, from the moment of his accession to the throne, held to be the chief duty of his reign and his life.”

ALTON B. PRESIDES OVER A NOTABLE CITIZEN GATHERING

(By American Press) Washington, Jan. 25.—Elliott Root’s speech on “America’s Present Needs,” in which he urges national preparedness for war and for peace, featured the opening today of the “Congress of Constructive Patriotism,” called by the National Security League.

Robert Bacon, former ambassador to France, introduced the presiding officer, Alton B. Parker, Democratic candidate for president in 1904. The nonpartisan character of the gathering was emphasized. The congress will continue three days. The names of many notable speakers are on the program.

The league now has 100,000 members. It was announced. They are divided into 280 branches and committees.

FINANCIAL CURE FOR THE CITIES

Columbus, Jan. 25.—Senator Mooney, Cleveland, introduced the administration absent voters’ bill, and Senator Miller, Licking county, the administration act to make liquor license years date from the fourth Monday in May instead of shortly before the election in November.

Senator Mooney’s bill provides that persons who expect to be away from home election day may go to the board of elections and secure ballots, an affidavit blank, and return envelope. Some time before election day, he will mark the ballots, make affidavit before any authorized public official that he is voting away from home and mail the ballot and affidavit to the board of elections. In case of the national guard, any officer is authorized to administer the oath to soldier voting. The bill also provides for university students voting. Clerks of a board of election shall go to a college or university several days before election and take ballots of the students. The ballots then are mailed back to the home counties of the students. Only students who declare they expect to make their home in the county in which the university is located can vote in ways other than prescribed in the absent voters’ law.

The measure of Representative Hoy, Jackson, to compel the state board of administration to use Ohio mined coal wherever possible, was reported for indefinite postponement by the mines committee. Hoy protested against such action and succeeded in having it committed to the labor committee.

Rev. O. C. Weist of the Grandview Heights Congregational church was selected permanent chaplain of the house.

The senate confirmed Governor Cox’s appointment of Judge O. H. Hughes to the utilities commission.

Tax Measure Introduced.

Senator Torrell of Cleveland introduced a bill to replace the Smith 1 per cent law. It amounts to a 1½ per cent proposition.

The measure was drafted by Stewart L. Tatum, Springfield, chairman of a city relief commission appointed by the former Cox legislature and also head of the Ohio Municipal League. It is regarded as the administration measure for financial relief.

WORMS KILL HOGS  
AVALON FARMS HOG-TONE Kills Worms  
KILL off the worms and get your hogs feeding right and they’re in line shape to withstand disease. They’ll fatten fast and MAKE YOU MONEY.  
Avalon Farms HOG-TONE, a new liquid remedy (FARM TESTED) on Avalon Farms, near Ft. Wayne, Ind., is already the sole hog remedy with some of the most intelligent growers in the country.  
HOG-TONE kills Thorn Head—Stomach—Liver—Lung and Bronchial Worms—AND KEEPS THEM OUT.  
Ask us about HOG-TONE.  
FRANK CHRISTOPHER DRUGGIST  
WASHINGTON C. H. OHIO

for cities, a need recognized by both political parties in the last campaign. The Torrell bill removes interest and sinking fund levies from the 19 mill limitation, leaving 10 mills for operating expenses, provided the addition of interest and sinking fund levies does not make the combined levies exceed 15 mills.

Without the approval of a majority of voters, however, any additional special levy for a period not to exceed five years may be added on top of the 15 mill limitation. This practically establishes home rule in taxation.

Without vote of the people taxing officials, under the bill, are given new leeway equal to the sum of levies for bonded indebtedness. The total for current expenses and bonded indebtedness, however, must remain within 15 mills. As under the present law, the 3 mill road levy, emergency levies, as for flood protection and repair of roads damaged by freshets, and levies for waterworks and sewerage disposal plants, do not fall within the limitations.

When, in the opinion of county commissioners, city councils, boards of education or township trustees more revenues are needed than the 12 mill limit on will permit, it may be submitted to vote at the next November election. A majority of votes will be sufficient to carry. Such levies are restricted to five years.

BARGAIN HUNTERS FIND INCREASES

(Associated Press Cable) London, January 25.—Women bargain hunters who have been going over the offerings in the new year bargain sales find this year an average increase of thirty per cent in woollens, silks and shoes, as compared with the bargain prices of a year ago. One of the big department stores as its counters decorated with notices informing shoppers that owing to the shortage of dress materials, this month is probably the last time that it will be possible to offer any materials on the bargain counters.

IRELAND PROSPEROUS REGARDLESS OF WAR

(Associated Press Cable) Belfast, Ireland, January 24.—The combined balance sheets of the big Irish banks having their head offices at Belfast indicate that Ireland is in an exceedingly prosperous position. There has been an unprecedented expansion in deposits, investments, and cash on hand, while the decrease in advances to customers and bills discounted seems to indicate that business men are to a larger extent than ever financing their business operations from their own pockets.

Notice to Petitioners and Abutting Property Owners on Inter-County Highway No. 259 in Green Township, Fayette County, and Fairfield Township, Highland County.

Petitioners will be heard by the State Highway Commissioner at the Probate Court Room of Fayette county, Washington C. H., Ohio, Tuesday, February 13, 1917, at 10 o’clock a. m., for and against a change in location of a portion of the Hillsboro-Washington Road, I. C. H. No. 259, in Green Township, Fayette County and Fairfield Township, Highland County, from the established route to the following proposed route:

Beginning at the junction of a public road with the Cincinnati-Chillicothe Road, Inter-County Highway No. 8, about three-quarters of a mile northeast of the center of the Village of Leesburg, thence, northeasterly along said public road through Highland County, and along what is designated as the Stafford Road No. 3 in Fayette County, through the Village of Beuna Vista, to where said Stafford Road terminates at a Junction with the Hillsboro-Washington Road, Inter-county Highway No. 259.  
CLINTON COWEN,  
thut3 State Highway Commissioner.

FREE TRADE AGAIN AN ISSUE IN ITALY

(Associated Press Cable) Rome, Italy, January 25.—Free Trade is again to be a political issue in Italy. A free-trade paper, the L’UNITA, has made its appearance, as the organ of the new propaganda. The chief item of the program for the present will be the lowering of tariff duties between the Allied Powers as a step toward a future and wider application of the principle.

DIVIDEND INCREASE

(Associated Press Cable) Copenhagen, January 25.—Average yearly dividends of the eight hundred largest stock companies in Denmark have increased from 6.8 per cent in 1912, to 12.8 per cent in 1916. Steamship companies show the largest increase—from 4.5 per cent in 1912 to 31 per cent in 1916.

CHILDREN CARED FOR BY HOLLAND’S JEWS

Amsterdam, Netherlands, January 25.—Following the influx into Holland of thousands of German and Belgian children, as well as many children of Dutch families resident in Germany, 500 youngsters are now being sent here from Austria and even children of Roumania and Turkish nationality are being brought here by a Jewish relief organization.

Good Dividend Records  
If you have surplus funds waiting to be invested at a profit, you should investigate our long and successful record as specialists in tax-free, 7% preferred stocks.  
The stocks we recommend in our current offerings are seasoned securities with unbroken dividend records. They represent the healthy growth of established industries, and not the future hopes or expectations of new enterprises, launched hastily at the crest of national prosperity.  
If conservatism and regard for future safety dictate your judgments, it will pay you to study these offerings in detail. For example, as a safeguard against dividend interruptions in hard times, a special surplus is provided sufficient to pay dividends to the preferred stockholders for two years.  
We have booklets and financial statements describing these securities in detail, and will be glad to send them to you on application—without placing you under any obligation to buy from us.
